

GL0110

Armanite Nitrile Coated Gloves, Safety Cuff

Fully Coated • Abrasion & Chemical Resistant •
Safety Cuff

PRODUCT DESCRIPTION

The Armanite Safety glove is a fully coated chemical resistant glove, ideal for oil and gas distribution services or as offshore workwear, but is also used in construction and handling of sheet metals. This is because of its excellent abrasion and chemical resistance.

FEATURES & BENEFITS

- Jersey liner for added comfort
- Open back & safety cuff for extra protection to wrist & forearm
- Fully coated

Sizes: 9, 10

CERTIFICATION

- EN 388: 2016 (4121X)

For further information and the latest technical specification, please request a copy of the Manufacturers official data sheet. E&O.E.
