

RP4251

3M A1P2 Disposable Respirator Mask

Maintenance Free • Unique Filter Technology • A1P2 Filter

PRODUCT DESCRIPTION

Ready-to-use, maintenance-free half mask designed for effective and comfortable protection against organic (A1) gases and vapours, and particulate (P2) hazards found throughout the industry.

Unique filter technology enables a very low-profile design giving an undisturbed field of vision, to make your work life more comfortable.

The 3M Disposable Respirator Mask is a disposable half-mask in a resealable pack, designed for protection from breathing organic (A1) vapours with a boiling point greater than 65°C, airborne water and oil-based mist and particulates (P2).

Maximum use limitation for organic vapours is 10x WEL or 1000 ppm, whichever is greatest.

For further information and the latest technical specification, please request a copy of the Manufacturers official data sheet. E&O.E.
