PRODUCT DESCRIPTION

KN95 Masks offer protection against particles. KN95 is typically known as the Chinese equivalent to the US N95, or European FFP2 and offers 95% filtration efficiency.

FEATURES & BENEFITS

- 3D design fits facial contours
- Antibacterial Lining for hygiene
- High Breathability for easy breathing
- Metal Nose bridge to ensure a good fit
- Elasticated ear straps
- PP Non-Woven fabric
- Skin friendly

Box Qty: 25 Pcs

CERTIFICATION

KN95 masks are sold as nuisance dust masks due to their designation being KN95.

DISCLAIMER

Due to the huge shortage of FFP2 and FFP3 respiratory masks in the current marketplace, Hazchem Safety is offering these masks as an option. We recommend that you consult with your Health & Safety Team and Risk Assessments to decide if these masks are fit for your business.
