

VE5085

Scully Sculflow Delivery Nozzle 1.5 inch

Deadbolt Locking Handle • Lightweight
• Advanced Ball Bearing Design

PRODUCT DESCRIPTION

The leading choice for light product, high volume deliveries. This delivery nozzle has an original ball valve design and deadbolt locking handle, and has a reduced pressure drop allowing for faster pumping speeds. This nozzle also has a no closing shock which prolongs the truck equipment life.

FEATURES & BENEFITS

- Advanced ball bearing design allows for easy rotation at all operating pressures
- Teflon high-recovery seal and shielded bearings for optimum field performance
- Lightweight aluminium and zinc construction
- Wide variety of liquid product uses

Size: 1.5 inch
