

HF2003

Peltor G3000 Safety Helmet Vented with Ratchet Adjustment

Excellent Ventilation • For Use in Harsh
Environments • Reversible Lining

PRODUCT DESCRIPTION

The G3000 helmet has been designed in close collaboration with forestry and industrial workers. It is intended for use in harsh environments with tough demands for effective protection, excellent ventilation and a maximum field of vision.

FEATURES & BENEFITS

- The Uvicator sensor disc tells you when its time to replace your helmet
- Optimised with more ventilation holes than a conventional ventilated helmet
- Softly rounded design which helps to avoid helmet parts snagging
- Reversible lining can be rotated 180 allowing the helmet to be worn back-to-front
- Short brim gives a broader field of view
- Ratcheted headband for easier and quicker adjustment

Size: STD

Colour: Red, White
