Howard Leight Clarity Clip-On Ear Defenders

Dielectric Design • High Noise Reduction • Uniform Attenuation

PRODUCT DESCRIPTION

Clarity Series earmuffs improve worker safety by blocking noise, while voice and signal frequencies can be heard more naturally. They provide uniform attenuation that allows speech frequencies to be heard with less distortion – combating worker isolation and overprotection on the job. Plus, Clarity's robust non-deforming dielectric design withstands use and abuse while protecting workers in electrical environments.

FEATURES & BENEFITS

- Uniform attenuation allows wearers to hear co-workers, instructions, warning sounds and other important sounds more naturally
- Dielectric construction suitable for electrical environments warning sounds and other important sounds more naturally
- Quick-Click height adjustment remains fixed during wear
- Come with a range of adaptor clips to suit the helmet

CERTIFICATION

- EN 352-1
- SNR 26 dB
