

## JP4920

### Easygrip Litter Picker with Triggerguard 32"

Rotating Jaw • Quick, Easy & Effective  
Clean Up • Lightweight

#### PRODUCT DESCRIPTION

Suitable for commercial, household or industrial use, this product is ideal for litter collection and reaching objects. Designed to grip the smallest of items, the JP4920 is also perfectly shaped for larger items such as bottles. Its dual operating jaws work as a human hand, and the rotating mechanism allows you to either horizontally be able to see the litter whilst you pick it up, or vertically be able to get into an awkward area.

#### FEATURES & BENEFITS

- Rotating jaw to clean up the area quickly, easily & effectively
- Bright yellow body with reflective strips for visibility in low light conditions
- Responsive jaw mechanism
- Jaw includes anti-slip, tactile rubber tips for control of small objects
- Triggerguard feature protects & stabilises the operating hand
- Light, strong & versatile
