

RP5020V

Unifit Cup Mask FFP2V (Box of 10)

Protects Against Fine Dust •
Preformed Nose Bridge • Easy to Fit

PRODUCT DESCRIPTION

The Unifit Cup Mask FFP2V provides excellent protection against fine dust and particulates. The slim profile exhalation valve helps reduce heat build-up within the mask and improves wearer comfort. A bonded foam inner nose seal helps to provide a better fit, without the need for a metal nose clip.

FEATURES & BENEFITS

- Free running single piece head strap makes easy adjustment to the wearers face.
- This product has a 5-year shelf life

CERTIFICATION

- EN 149: 2001 - A1: 2009
