Hazchem Safety Ltd.  
Unit 2 Borough Road  
Brackley  
Northants  
NN13 7BE

21<sup>st</sup> January 2021

Dear Brent

I write on behalf of Brackley Community Hospital 2020 Trust to acknowledge the donation in the sum of £600.00 (Six Hundred Pounds) made by Hazchem Safety Limited. Donations will be directed to the fund for equipment for Brackley Community Hospital that will be over and above the essential criteria for NHS provision but which will benefit the residents of Brackley and the surrounding villages who will use the services at the new hospital.

We sincerely thank you and your Company for this generous contribution, and for your encouraging support. We have reached our initial target of £165,000, the intention of which was to ensure that Brackley had a state-of-the-art digital x-ray machine with fixed table. I can now confirm that we will indeed have that extremely useful facility which is on order and modifications are currently being made to accommodate the larger machine. We also already have sufficient monies in the coffers to cover the provision of the 16 TV sets, so this is a tremendous achievement helped indeed by your support in the name of charity.

Our next target is to accrue sufficient funds to help with the acquisition of further specialised equipment which will ensure that consultants can come to patients here rather than having patients travel to larger hospitals; this will make life easier for local residents and certainly help to reduce our carbon footprints. Items now on our "desirable" list include the ultrasound scanner, equipment for cardiologists who have expressed a wish to hold clinics at the new hospital and equipment for ophthalmologists, again to accommodate local people more easily and in a more welcoming environment.

For internal audit purposes and adherent to the General Data Protection Regulations (GDPR) your donation will be recorded in the name of Hazchem Safety and, as a matter of compliance, a full explanation of our GDPR policy can be found at [www.brackleycommunityhospital.charity.co.uk](http://www.brackleycommunityhospital.charity.co.uk).

We understand that the first phase admissions to the Brackley Community Hospital beds should be early February 2021, the inevitable delays having been caused by the impact of Covid-19.

Again, thank you for this generous donation and please be assured that it will be put to best use.

Yours sincerely

George Britchfield Trustee of Brackley Community Hospital 2020 Trust  
Chairman Brackley Hospital Trust
