

PL0012

Nightstick Intrinsically Safe Rechargeable Dual-Light Angle Light

Rechargeable • Dustproof & Waterproof • Rotating Flashlight

PRODUCT DESCRIPTION

The PL0012 Intrinsically Safe Rechargeable Angle Light is a Flashlight, a Floodlight and a Dual-Light Angle Light that is cULus, ATEX, IECEx, and INMETRO certified Intrinsically Safe. The INTRANT's flashlight rotates 90 degrees up and down with a 45 degree downward angled floodlight. The flashlight setting offers user-selectable brightness settings of 200, 110 and 60 Lumens with a 401 meter beam distance. The ultra-tight beam is perfect for cutting through smoke and lighting up objects at great distances. The floodlight setting has user-selectable brightness settings of 100, 40 and a "Survival Mode" of 20 lumens that provides just enough light in an emergency situation with a run-time of 27 hours.

FEATURES & BENEFITS

- Dual-Light mode allows the user to simultaneously see objects at a distance or through the smoke
- The INTRANT is powered by rechargeable Lithium-Ion battery pack
- The INTRANT is IP-67 Dustproof & Waterproof and meets requirements of NFPA-1971-8.6 (2013)
