

## GL5555

### Kong Rigger Grip Cut 5 Glove

Durable Construction • Washable •  
Ultimate Cut Resistance

#### PRODUCT DESCRIPTION

Ultimate cut resistance combined with Duraclad Rope Channel palm protection and super dexterity. Reduce the three most common hand injuries: Hairline fractures, bruising blows and pinched fingers. Cut 5 rating on the EN 388 standard provides the highest level of safety with the combined impact and cut resistance, plus rigger reinforcement to the palm.
