

AE0120

Large Wheel Chock Holder in Black Plastic

Durable Construction • Retaining Clip
• For External Mounting

PRODUCT DESCRIPTION

The Hazchem black plastic vehicle wheel chock holder has been designed to suit our AE0110 large yellow plastic ADR wheel chock. Constructed from tough black plastic the chock holder has a retaining clip to secure the chock from rattling or coming out, particularly important as this holder is mostly mounted on the vehicle externally. The use of a specific holder ensures that this vital piece of your ADR equipment is always ready to hand when required.

FEATURES & BENEFITS

- Tough black plastic
 - Retaining clip to secure chock from rattling or coming out
-

CERTIFICATION

- European Agreement Concerning the International Carriage of Dangerous Goods by Road (ADR)
