# **WELCOME TO**

# HAZCHEM LYNX-INTELLISAFE THE SUPERIOR ORDER MANAGEMENT PLATFORM

So much more than just an online ordering portal, Hazchem Lynx has become the management tool of choice of corporations across the industry. Reporting, authorisation schemes, point systems and more are available and can easily be set up to help you streamline, track and monitor Workwear and PPE distribution in the most efficient and effective way for your company.

We hope that this instruction manual helps you understand the ordering process and capabilities. Should you need any further information or guidance please contact us, and one of the team will be happy to guide you through the process.

We hope that you find this useful and look forward to helping your business to streamline your uniform ordering process.

# Rodney Tunley Key Account Manager

We have worked hard to ensure our online ordering system of safety equipment & workwear is easy to use for all of your staff

How to Add Employees	14-16

### **DID YOU KNOW?...**

In 2014 Hazchem discovered there were further opportunities with other large companies involved in the petrochemical industry.

The size and the scale of their operations raised the issue of how to manage the ordering, distribution and control of the uniforms for large numbers of users across multiple sites. To assist the larger customers, the Lynx-intellisafe Order Management system was created.

It's features reduce administration time and ensures that the correct items are issued to staff, setting a new industry standard for uniform software. Staff across multiple sites can then receive Individually named "Worka-Kit®" giving them a hassle-free solution.

### WHY USE LYNX-INTELLISAFE?

Be in control with Lynx-Intellisafe, an easy way to save time & money

# **ACCOUNT SET-UP**

Finalising your order ready for dispatch

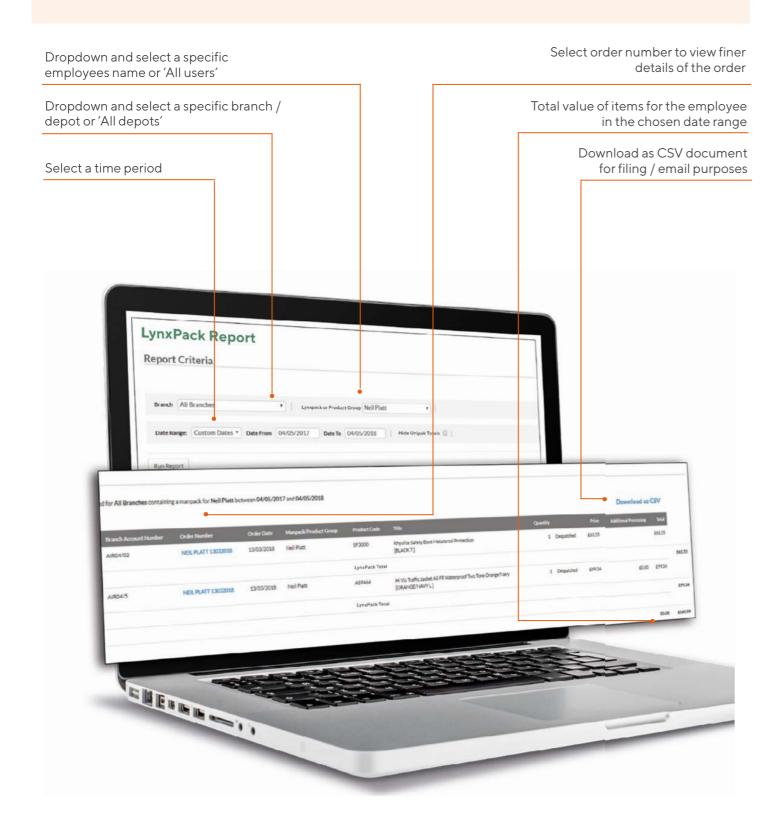

### ONLINE ORDER MANAGEMENT

Making online ordering of Safety Equipment and Workwear easy for all your staff

### ONLINE ORDER MANAGEMENT

Making online ordering of Safety Equipment and Workwear easy for all your staff

### **MANAGEMENT & REPORTING TOOLS**

### MANAGE YOUR PACKAGE FROM ONLINE TO YOUR DOOR

- Lynx Report Function: Filter your order history by name and date to view the list of items that an employee has used in the chosen period of time. Employee names can be pre-loaded to the system into order to make ordering quicker and reporting more consistent.
- Order Summary Report: This report gives an overall visibility of order history per site and/or per orderer in your chosen time period.
- Order Details Report: This report is similar to the Order Summary report but gives you more details size, colours, order numbers, order dates, product codes, descriptions, quantities etc.
- Product Report: Enter a product code into the search bar, select a date range and view your usage of a specific product across the company, across specific sites, common sizes, common colours etc.

Authorisation and point schemes are also available and a popular tool for corporations with large teams and multiple sites. This can be set up on a number of different levels depending on how flexible or restricted you would like ordering to be.

### 'BE IN CONTROL WITH LYNX-INTELLISAFE - AN EASY WAY TO SAVE TIME & MONEY'

### WHAT OUR USERS HAVE TO SAY

What our customers have to say about the Lynx-Intellisafe ordering system

### **ADDING EMPLOYEES**

Set-up your employees on a points based system

"I am here to help with ordering queries or to get you set-up on the system"

### **QUICK ORDERS**

"Having the option for stock or WORKA-KIT is ideal for ordering new recruit uniforms, The option to add items to a basket for any loaction and re-visit the basket at a later date to

### HOYER

Laura French

UK's Transport Administrator - Hoyer Petrolog

"I can help you with any questions you may have regarding any of our products"

### **EASY TO USE SYSTEM**

"Having tried other systems, the Lynx-Intellisafe online ordering system for Uniforms is easy to use and offers superior reporting and options to manage our uniform supply. Would recommend to anyone in the industry to try for themselves".

**Jimmy Barlow** 

**Brian Eames** Key Account Manager

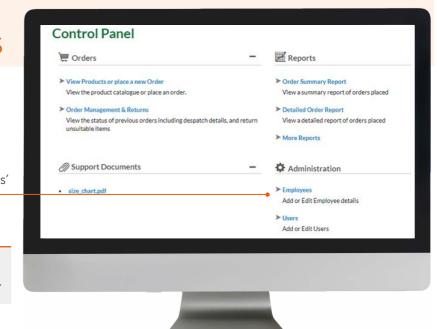

**Customer Services** 

RECEIVED GREAT CUSTOMER SERVICE? LET US KNOW CALL ON +44(0)1280 841400 A GUIDE TO ADDING **EMPLOYEE ACCOUNTS** 

1 Once logged into the online ordering system you will need to first navigate to the 'Administration' section and then 'Employees'

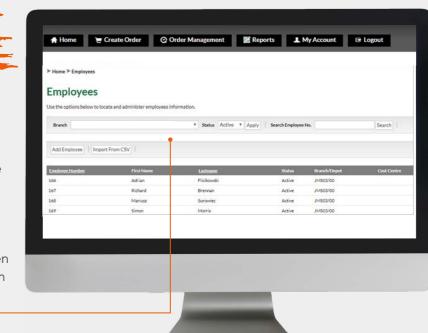

Need additional support, give us a call on **01280 841400**, were always happy to help.

2 Once you have selected 'Employees' the below screen will appear. The next step is to select the 'Branch' dropdown and choose which depot you would like to add an employee to. Once you have done this you will need to click 'Apply'. If you have only been given access to one depot / department then this dropdown will not be available for you

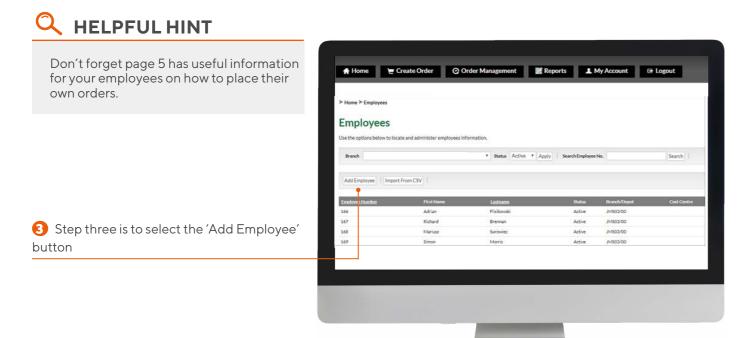

### **ADDING EMPLOYEES**

Give your employees the freedom to self order

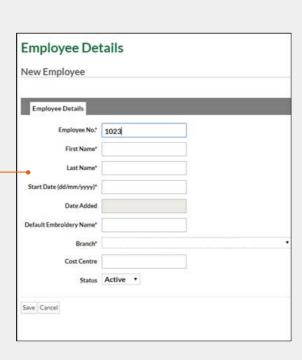

### **ADDING EMPLOYEES**

Give your employees the freedom to self order

You will now be required to fill out 4 areas on the employee details page - Employee number and the start date. The employee number can be what ever you wish, when you start typing the number if the cell starts auto populating then it means that the number has been used before and you will have to choose a different one.

Once complete, please select save.

Once you select save you will see that the employee will now appear as a new entry at the top of the employee listing page. Now that you have added the employee, if you now navigate back to the homepage (top left) and place an order as normal the employee name will not appear as an option in the 'Select Employee' dropdown.
