All stated sizes are for guide purposes only. We always recommend trying on your new Workwear to ensure you choose the optimum size, and also refer to the User Information Sheet included with each protective wear garment to check for any specific requirements. **Core Sizes** we have patterns for in most products although this can vary by product so please check the size range against each specific product. Surcharges may also apply on Outsizes. Core Sizes are upto 4XL or 54" Waist/Chest. For sizes 5XL/6XL or 56" and above, add 20%. For bespoke sizes (outside this Core Size range) add 50% to the standard price unless agreed otherwise. This includes MTO (made to order garments).
