

PL0010

Nightstick Intrinsically Safe Dual Light Rechargeable Technology

Portable • Single Lithium-Ion Battery •
Rechargeable • 300 Dual-Light Lumens

PRODUCT DESCRIPTION

The Nightstick ATEX/IECEX 210-lumen Class I Div 1 VIRIBUS[™] 80 PL0010 Intrinsically Safe Rechargeable Lanterns are the latest solutions for industrial and hazardous environment workers who demand reliable certified handheld lights. Featuring a dedicated downward-facing independent flood light that provides 200 lumens on high, 100 on medium and 30 on low, navigating walkways, descending stairwells or reading service panel labels has never been easier. In Dual-Light[™] mode, the PL0010 spotlight and floodlight together provide the user 300 lumens of total light for more than nine hours.

FEATURES & BENEFITS
