

PL0011

Nightstick Intrinsically Safe Scene Light With Magnetic Mount

Lithium-Ion Battery • LED Scene Light •
360°C Hands-Free Rotation • 1200 Lumens

PRODUCT DESCRIPTION

The PL0011 Rechargeable LED Scene Light is ideal for use when portability is important. cULus certified Intrinsically Safe for use in hazardous environments, the array of 5 floodlight LEDs perfectly emit an impressive 1,200 lumens on high for 6 hours, or 500 lumens on low for 17 hours when activated using the robust three-position toggle switch. The housing is constructed from lightweight glass-filled nylon polymer, keeping it cool to the touch while being chemical, heat, and impact resistant.

FEATURES & BENEFITS

- A heavy-duty rare-earth magnetic base to provide 360 °C of hands-free rotation for proper light placement on any job site.
- Powered by integrated lithium-ion battery
- Light includes an adjustable steel handle for carrying or hanging & both AC/DC power supplies.

CERTIFICATION

- CLASS I DIV 1: GRPS A-D T4
