HAZTEC® Slade Waterproof Safety Hiker Boot

Composite Toe Cap • Waterproof
• Heat Resistant Sole • Fuel Oil Resistant

PRODUCT DESCRIPTION

Step into safety and conquer the elements with the HAZTEC® Slade Waterproof Safety Boot – where protection meets performance! This full grain leather boot is a classic hiker boot design and is designed to keep you smart and comfortable at work. Stay protected thanks to the composite toe-cap, composite midsole and slip resistant sole. The boot is also waterproof and oil resistant, making it a go-to for the petrochemical industry.

FEATURES & BENEFITS

- PU/Rubber sole – durable and slip-resistant.
- Slip resistant – keep safe on all surfaces.
- Antistatic – suitable for use in the Petrochemical sector.
- Oil & Heat Resistant Outsole – designed for Hazardous environments.
- Composite Toe Cap – lightweight & reduces hot & cold conductivity.
- Composite Midsole – reduces overall weight but maintains protection.
- Waterproof Membrane – improves all-day comfort.

Sizes: UK 4-13

Colours: Black with Orange Trim
