## Nightstick Dicata™ IS Low-Profile Dual-Light Headlamp

Intrinsically Safe • 310 Dual - Light Lumens • 4-5 Week Lead Time

### PRODUCT DESCRIPTION

The DICATA® Intrinsically Safe low-profile Dual-Light headlamp is cULus, ATEX Zone 0, IECEx, and KOSHA listed. Designed for fire helmets and hard hats with flip-up face shields, its low-profile shape allows use without removing the headlamp. Made from glass-filled nylon polymer with a multi-position tilt head, it features LEDs with an advanced TIR lens for optimized output. Dual front switches control spotlight, floodlight, and Dual-Light modes for versatile, safe illumination. Meets NFPA-1971-8.6 (2013) requirements. Includes a heavy-duty rubber strap for helmet use. Powered by 3 AA batteries (included).

### FEATURES & BENEFITS

- cULus, ATEX Zone 0, IECEx, and KOSHA listed Intrinsically Safe
- LED technology
- Focused high/low-brightness spotlight beam for distance illumination
- Unfocused high/low-brightness wide-beam floodlight for close-up illumination
- Dual-Light (spotlight and floodlight on at the same time) for maximum versatility
- Glass-filled nylon polymer housing
- (TIR) Total Internal Reflection lens designed to optimize lumen output and beam pattern
- Dual switches located on the front of the light
- Adjustable tilt head
- Battery pack located in the rear of the strap
- Green colored rear facing LED
- Heavy-duty rubber strap for fire helmets and hard hat applications
- IP-67 Dustproof/Waterproof
- Impact and chemical resistant
- 3 AA batteries (included)
- Limited Lifetime Warranty
