PRODUCT DESCRIPTION

Chemsplash Eka 55 Disposable Coverall 55GSM microporous laminated non-linting fabric. It offers users a better value laminated Cat III Type 5B/6B coverall for those applications where the suit isn't used for prolonged periods but where a high level of protection to liquid chemical splashes is still required. This suit has an elasticated back, hood, cuffs & ankles, and an adhesive cover flap for additional sealing. Chemsplash Eco fabric is Anti-Static to EN1149-5:2008 and non-linting, therefore ideal for use in wide-ranging applications where the operating environment must not be contaminated with garment fibres.

FEATURES & BENEFITS
