Nightstick Intrinsically Safe Multi-Flood Headlamp

200 Floodlight Lumens • Intrinsically Safe Floodlight • ATEX • Zone 0/20

PRODUCT DESCRIPTION

The Nightstick Headlamp is a USB-C rechargeable, ATEX Zone 0/20, Class I Div 1 intrinsically safe floodlight designed for hazardous job sites. It features tri-color output (white, red, green) with up to 40 hours of runtime, and intuitive dual switches for fast mode access with thick gloves. The right switch runs white light, high and low. The left switch alternates between green and red. Holding down the right switch in any mode for 3 seconds will begin flashing white light.
