

SC0191

Walled, Multi-Purpose Deep Drip Tray - 600mm x 600mm x 120mm

600mm x 600mm x 120mm • 32L Capacity

PRODUCT DESCRIPTION

These walled, multi-purpose Drip Trays catch leaks and drips from vehicles, machinery, taps, drums and containers, helping keep floors clean and prevent contamination from spreading. Ideal for container storage, decanting and filling tasks, they are available in a range of sizes to suit different applications. For easier handling and clean-up, line the tray with general-purpose, oil & fuel or chemical absorbent material to suit the liquids being used. Suitable for workshops, production areas and maintenance facilities across industries including transport, metalworking, printing and food manufacturing.

FEATURES & BENEFITS

- Helps maintain compliance with safety regulations
- Reduces environmental and safety risks from spills
- Tough 100% recycled plastic construction
- Grids (removable) keep containers clear of contamination
- Ideal as a safe, contained decanting and filling area
- Can be stacked for easy storage
- High sides for maximum containment to reduce over-swell
- Can be lined with absorbents to soak up liquids
- Capacity: 32 Litres
- For use with: Oil, Fuel, Chemicals (Acid & Alkali), General Use
